

CALL FOR PAPERS - SPECIAL SESSION "Developing Trust in Control Systems and IoT Devices" for CODIT 2025

July 15-18, 2025 • Split, Croatia

Session Co-Chairs:

Prof. James H. Lambert, F.IEEE, University of Virginia, Charlottesville, VA, USAlambert@virginia.edu

Dr. Davis C. Loose, M.IEEE, University of Virginia, Charlottesville, VA, USA – <u>dcl6d@virginia.edu</u> Dr. Igor Linkov, Risk and Decision Science Lead, US Army Corps of Engineers -<u>igor.linkov@usace.army.mil</u>

Session description:

This special session deals with the problem of assuring trust in control systems and internet-ofthings devices of infrastructure and complex systems.

The goal is to design and evaluate tools that enhance security and trust of embedded devices and control systems related to supply chains, operations management, system lifecycle, integrated systems, energy, communications, transportation, freight, emergency services, healthcare, manufacturing, agriculture, and others.

The topics of interest include, but are not limited to:

- Counterfeits, Cybersecurity, and Tampering
- Enterprise Resource Allocation
- Supply Chains Risk Assessment and Management
- Infrastructure Resilience and Development
- Integrated Systems Design and Evaluation
- Artificial Intelligence with Hardware Bill-of-Materials

SUBMISSION

Papers must be submitted electronically for peer review through PaperCept by February 07, 2025: http://controls.papercept.net/conferences/scripts/start.pl. In PaperCept, click on the CoDIT 2025 link "Submit a Contribution to CoDIT 2025" and follow the steps.

IMPORTANT: All papers must be written in English and should describe original work. The length of the paper is limited to a maximum of 6 pages (in the standard IEEE conference double column format). **DEADLINES**

February 07, 2025: deadline for paper submission April 27, 2025: notification of acceptance/reject May 17, 2025: deadline for final paper and registration
